## IN THE OIL FIELDS.

What is Being Done in the Neighborhood of Beallsville.

MELLONS DID GET OIL THERE

As was Reported at the Time—It was the Keener Sand, However—Drilling to the Big Injun—The Field is Productive of Plenty of Gas—Late Oil News from Sistersville—A Stenhouseville Strike—The North Penn's Well.

Special Dispatch to the Intelligencer.

BEALLSVILLE, O., Jan. 27.—So much of a contradictory nature has been printed in the past few days regarding the doings of the Mellons in this vicinity that a detailed account of what has been actually done, will be of interest.

Leasing for oil territory in this section commenced just about one year ago by the Mellon Brothers, of Pittsburgh. They have over 20,000 acres leased, for oil and gas. The first well was drilled on the Thornberry farm, gas being struck at a depth of about 1,400 feet, with a pressure of about sixty pounds. From this well the towns of Beallsville and Jerusalem are being supplied with fuel gas.

The second well was drilled on the Montgomery farm, where there was considerable oil. A tank was erected and the well was pumped, but after awhile it was plugged and the rig and machinery left there.

The third well was drilled on the Hamilton Murphy farm, there being some oil at a depth of 1,400 feet; this well also developed into a good gasser. The fourth well was put down on the Seale farm, but proved a duster.

The fifth well is now being drilled on the Burge Smith farm.

There was one mistake in the dispatch sent out last week; instead of striking oil in the Big Injun, oil was struck in the Keener sand. It is a very fine oil. The Mellons expect to strike the Big Injun some day.

The developments seem to be in a southeasterly direction, in a direct line for the Antioch field. Whether they are after oil or gas is not known, but the land is leased both for oil and gas. It seems that it would pay Wheeling capitalists to look in this direction; this field being only about twenty-five miles or so, at the most, to the river. Wheeling, Beallsville and the other towns could solve the problem of their shortage of natural gas, as developments have shown that there is an abundance of gas in this field. If Wheeling capitalists desire to entertain this there is considerable territory that may be had on reasonable terms.

Sistersville Oil News.

Special Dispatch to the Intelligencer.

SISTERSVILLE, W. Va., Jan. 27.—Mr. M. M. Smith, of this city, has leased his farm in Fayette district, Pleasants county, to the Devonian Oil Company. The farm consists of sixty-five acres, which was leased for \$500 and a monthly rental of \$32.50.

The Fisher Oil Company has a fishing job at its No. 2, on the Judge lease, over the river.

Ramey & Co. are something over 600 feet deep at their well on the Frank Dye farm.

It is thought Crawford & Treat will be able to bring their No. 3, on the Stewart farm, in some time Tuesday night or Wednesday morning.

Another well will be commenced on the Stewart farm during this week by Gaffney & Co., located a little over a mile north of the Calebough.

The well on the Thorn farm, being drilled by McGhie & Co., will likely reach the sand Thursday or Friday.

Again to-day the price of credit balances did not change.

A Forty Barrel Oil Well.

Special Dispatch to the Intelligencer.

STENHOUSEVILLE, O., Jan. 27.—The Given No. 8 well on the Brew farm was drilled into the sand to-day and made a good showing of oil. It is thought the well will be good for forty barrels a day.

A CONVICT'S LUCK.

A Barnesville Man Leaves a Prodigal Grandson a Fortune of \$50,000.

Sometime ago a man named McKeown died in the vicinity of Barnesville, leaving a large estate. He had a grandson who had left home some years ago and all trace of the boy was lost, but the grandfather still thought he was living somewhere and that he would turn up, so he left a fortune to your man. The grandson, who is a convict in the Columbus penitentiary, has been a wanderer for years. His checked career would make many chapters, rivaling fiction, but he has managed to keep his relatives in ignorance of his misdeeds. Saturday, while the convict was toiling with his striped army of lawbreakers, he was called up on by a citizen of Belmont county, who happened to pass a cell labeled "McKeown," and instituted inquiries. The fortunate convict was almost overpowered by the news of the bequest from his grandfather. He declares that when released at the expiration of his sentence he will bury the past and become an honorable citizen.

Entertainment at the Stone Church.

On Wednesday evening the choir of the Stone church, at Elm Grove, will give an entertainment for the benefit of the church. The programme will be given by home talent and a very attractive one has been arranged. Mr. C. Zulauf will sing a bass solo, and violin, piano and other instrumental solos will be on the list. It promises to be one of the best concerts of the season, and there can be no doubt that the attendance will test the capacity of the church.

Florence Bindley's Play.

"The Pay Train" has numerous railroad effects that do not depend on people and engines, but are the genuine, well built, thoroughly equipped articles.

At 11 o'clock all of the many railroad effects in "The Pay Train," in this act the scheme to rob the pay train is frustrated after a narrow escape. Miss Florence Bindley will present the piece at the Grand the last half of this week.

To miss seeing this little article and her excellent company, is to miss a treat.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at River Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little intermission and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Logan Drug Co.'s Drug Store. Regular size 50c and \$1.00.

WILLIAMS TYPEWRITER.

OUR MAIN POINT...

Lies in our differences. We are not compelled to, and we cannot draw parallels between the WILLIAMS and other typewriters, because ours is "superior." It does everything a typewriter should do most exquisitely, and with the utmost simplicity, but does it in the "WILLIAMS" way, and whether it is the best or not every one interested in typewriting can judge for himself. We make distinct claims, rather than comparative ones. The Intelligencer uses and recommends the Williams.
